

Godly Play at Ninove

Bible stories and stories from our Christian tradition are being told in a playful and creative way. Because of the combination of play, rituals, creativity and storytelling, Godly Play helps us in our religious quest for “more”. Things like silence, serenity and slowness sometimes say more than the words that accompany the stories.

It's not the intention that the Godly Play instructor tells listeners what they should know. Godly Play isn't about “did you know”s, nor is it about the moral of the story or playing with the participants. Godly Play invites us to step into a story and experience it as if it was happening right there and then. This way we learn that all stories related to God and His people are connected in one way or another with our own lives and our relationship with God.
