

Children's Services

At the Children's Services in Greater Ninove, our St. Cornelius Parish helps children interact with the Bible. It provides an opportunity to proclaim the Gospel to children at their level. Children's Service is not primarily catechesis but primarily liturgical celebration. It takes place during the regular service.

The purpose of the children's service is that after the opening prayer, the children go together to a separate room. There, they work with an in-depth explanation, a coloring page, craft, a puzzle/coordinator, etc. During the intercessions, the children rejoin the celebration in the church.

The children's services are held on the 2nd and 4th Sunday of the month, each time at 11 a.m. in the Abdijkerk in Ninove.

Welcome!
